

Scientific Electro Systems Limited

Quality Policy

It is the policy of Scientific Electro Systems Limited, to supply a professional, skilful and diligent consultancy service to all customers. Such services will meet the customers' specified standards and/or nationally and internationally recognised standards as appropriate. The services will also meet the requirements of UKAS.

Scientific Electro Systems Limited will consistently provide products and services that meet customer and applicable statutory and regulatory requirements through continual improvement.

To provide this we introduce, supply, service and repair specialized instrumentation to meet customers' requirements, provide a calibration service to all areas of industry and provide training and/or consultation as required.

We are committed to:-

- Fulfilling quality requirements
- Providing quality products and services
- Fulfilling customer requirements
- Continual improvement
- Impartiality
- Confidentiality

We will review this quality policy annually to check it is up to date and to make sure we are looking at new areas for improvement.

Signed – Duncan J Adams
