Quality Policy

It is the policy of Scientific Electro Systems Limited, to supply a professional, skilful and diligent service to all customers.

Scientific Electro Systems Limited will consistently provide products and services that meet customer and applicable statutory and regulatory requirements.

To provide this, we introduce, supply, service and repair specialized instrumentation to meet customer requirements, provide a calibration service to all areas of industry and provide training and/or consultation as required.

We are committed to: -

- Fulfilling quality requirements
- Fulfilling the requirements of relevant standards
- Providing quality products and services
- Fulfilling customer requirements
- Continual improvement
- Impartiality
- Confidentiality

We demonstrate our commitment via regular: -

- Staff training
- Setting of objectives
- Competency reviews
- Internal audits
- Management review meetings

We will review this laboratory quality policy annually to ensure that it reflects our current working practices and to make sure we are looking at new areas for improvement.
